

Vice President, Ontario

The Organization

TRON Construction Management provides a wide range of infrastructure and construction services and has been a significant contributor to Saskatchewan's mining industry for nearly three decades. TRON provides full service construction management to a number of projects including Cameco McArthur River Mine, Cameco Cigar Lake Mine, and K+S Legacy and maintains the capacity to deliver a wide range of infrastructure and construction services to a multitude of industrial and commercial projects.

TRON's Mission

Total customer satisfaction achieved through a commitment to:

- Safety
- Cost Effectiveness
- Environment
- Quality Workmanship
- Reliability
- Training and Apprenticeship
- First Nations and Metis Participation
- Cooperation

The Organization (cont.)

Des Nedhe Development

With more than 25 years' experience in the mining industry in Saskatchewan, greater than 60% Northerner participation rate and a full array of construction, engineering and infrastructure services, TRON has been part of the Des Nedhe family since 1997.

Driven by the entrepreneurial spirit of English River First Nation, Des Nedhe Development has invested in established companies that are leaders in the Saskatchewan mining and construction sector while expanding its portfolio into the areas of retail and real estate development and management.

The company takes pride in its strong focus on growth through investment, a highly experienced management team and history of delivering solid financial results.

The Opportunity Vice President, Ontario

As a member of the Executive Team, the Vice President, Ontario will develop, lead, direct, and support all projects throughout Ontario for the corporation.
